Community Leisure UK Announce Leading Wellness Provider Technogym as New Business Partner

Community Leisure UK, the members' association representing 110 operators across 3,800 leisure facilities, today announces a new business partner in Technogym UK, the leading wellness solution provider.

The two year partnership sees Technogym support Community Leisure UK in their mission to support registered charities, societies and community interest companies delivering public leisure.

"We are delighted to have Technogym as a business partner, given the current and future challenges our sector faces, their support, extensive knowledge and experience will be invaluable." Comments, Cate Atwater, Chief Executive, Community Leisure UK

The announcement sees Community Leisure UK finalise the business partners list for 2020/21 as Technogym joins longstanding partners DFC, Endsleigh, Gladstone, Les Mills and Big Wave Media.

"Now more than ever supporting and promoting the fantastic work of the Leisure sector is crucial to the wellbeing and health of the nation. At Technogym this partnership with Community Leisure UK is one of many initiatives we are undertaking to support the sector." Comments Steve Barton, Managing Director, Technogym UK.
